Executive Summary

Skilled in Python, Excel, Power BI, and data visualization, with hands-on experience in data analytics projects and internships. The role requires strong analytical, problem-solving, and data interpretation skills, which align well with my experience creating dashboards and analyzing datasets. I am a strong fit for this position because of my technical skills, practical experience, and eagerness to turn data into meaningful insights.

Technical Skills:

- Programming: Python, C++
- Data Analytics: Excel, Pandas, NumPy, Data Cleaning, Data Preprocessing, Exploratory Data Analysis (EDA)
- Data Visualization: Power BI, Dashboard Development, Data Visualization
- Database: SQL, MongoDB
- Cloud & Data Platforms: Google Cloud Platform (GCP), BigQuery
- Tools: Jupyter Notebook, Google Colab, Visual Studio Code, Git/GitHub

Soft Skills:

Highlight non-technical skills employers value

Example:

- Communication & Teamwork
- Problem Solving

- Time Management
- Adaptability

Professional Experience:

Name of Company **:** Cybernaut | June 2025
Role: Data Analytics Intern

Responsibilities:
- Analyzed and cleaned datasets using Excel and Power BI
- Created an HR Analytics Dashboard using Power BI
- Developed a Sales Dashboard using Excel
- Created visualizations to present data insights
- Applied data analysis techniques to practical business problems

Impact:
- Successfully completed a 1-month Data Analytics internship
- Completed 2 dashboards using Excel and Power BI

Name of Company **:** Codec Technologies | July 2026
Role: Data Analytics Intern

Responsibilities**:**
- Worked on data cleaning and analysis tasks
- Analyzed datasets to identify trends and insights
- Created data visualizations for analytical findings
- Applied data analytics techniques to practical projects
- Developed 2 data analytics projects

Impact:
- Successfully completed a 1-month Data Analytics internship
- Built and completed 2 data analytics projects

Education

Bachelor of Data Science

Vivekanandha college of arts and sciences for women(autonomous), 2027

Periyar university.

Awards & Accomplishments:

Hackathon

24 Hour Hackathom Participation Certificate- Jaishriram Engineering College

Participation Certificate – SDG SOLVE-A-THON, SRMIST ACM SIGAI Student Chapter (2025)

Participated in a 24-hour ONEST Hackathon, working in a team environment to ideate and build solutions for startup-oriented problem statements.

Participated in a 24 hour hackathon conducted by KPR Institute of technology.

Participated in a CIH-26 Grand finale conducted by Rathinam Global University.

Certificate in a completion of tech trio training in C++,python, Java building strong programming fundamentals and problem solving skills.
